## Policy Document – Freedom of Information Publication Scheme

---

### 1. Introduction

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all schools, should be clear and proactive about the information they will make public.

To do this the school must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information that is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form. Some information that we hold may not be made public, for example personal information. This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

### 2. School's Aims and Objectives

Our school aims to:

- Provide the highest quality of education that motivates and challenges all children so that they can achieve their full potential in all areas of school life.
- Promote the social, moral, cultural, intellectual, physical and spiritual development of all our children. To increase pupils' awareness of religious and moral values to enable them to appreciate the multi-cultural and multi-ethnic diversity of our society.
- Create a positive learning environment where pupils are valued by others and are prepared for the opportunities and experiences of life.
- Provide a rich and stimulating curriculum that enables children to develop creative thinking and enquiring minds.
- Ensure opportunities are available to all, irrespective of disability, special educational need, ability, race, gender or religion and encourage respect and tolerance of others. To be a fully inclusive school.
- Develop close links between home and school creating a partnership between parents and teachers and the wider community.
- Encourage in every learner, independence, co-operation, enthusiasm and the confidence to succeed.

This publication scheme is a means of showing how we are pursuing these aims.

### 3. Categories of Information Published

The publication scheme guides you to information that we currently publish (or have recently published) or information that we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- School Prospectus – information published in the school prospectus.
- School Profile and other information relating to the Governing Body – information published in the School Profile and in other Governing Body documents.
- Pupils & Curriculum – information about policies that relate to pupils and the school curriculum.
- School Policies and other information related to the school - information about policies that relate to the school in general.
